Exchange Notice 2009/139

Swedish Product Notice

Change of the expiration cycles for nine Swedish underlyings

As of 9 October 2009, EDX London will introduce new expiration cycles for nine underlyings on the Swedish market.

Underlying	Old expiration cycle	New expiration cycle
Alfa Laval (ALFA) Assa Abloy (ASSAB) SSAB A (SSABA)	<u>Term: 6 months</u> FEB, MAY, AUG, NOV	
Scania B (SCVB) Lundin Petroleum (LUPE)	<u>Term: 6 months</u> FEB, MAY, AUG, NOV <u>Term: 24 months</u> FEB	<u>Term: 6 months</u> APR, JUNE, AUG, OCT, DEC <u>Term: 24 months</u> FEB
AstraZeneca (AZN) Boliden AB (BOLI) SKF B (SKFB) Skanska B (SKAB)	<u>Term: 6 months</u> MAR, MAY, JULY, SEPT, NOV <u>Term: 24 months</u> JAN	

The reason for the change is to simplify the quotation list and further increase the number of expirations for underlyings with a high level of liquidity.

Following the change Options and Forwards in the above mentioned underlyings will be listed according to the new expiration cycle. To avoid a disproportionate number of expiration months no new series will initially be listed with expiration in October 2009 for any of the above mentioned underlyings. In addition, no series expiring in February 2010 or February 2011 will be listed for AZN, BOLI, SKFB and SKAB.

Changes to EDX London's Rules and Regulations reflecting this change will be available on the website on 9 October 2009 and a Rule Amendment Notice will be issued shortly.

Members are encouraged to ensure that clients are aware of the above-mentioned adjustment.

Further Information
