EDX London IT Notice 005/09 – Access to SOLA[®] Test Environment.

1 May 2009

EDX London is pleased to announce that customers can now access the Customer Development Service (CDS) Environment for the SOLA[®] trading platform.

This early access test environment has been provided to aid the development and testing process for Member Firms and Independent Software Vendors. The environment is based on the current Montreal Exchange (MX) version of SOLA[®].

Please note that the CDS environment will be updated with the final EDX version of SOLA[®] in July 2009.

Information regarding the instruments available within the EDX SOLA[®] environment is provided in Appendix A. Please note that currently the instruments have only USD or EUR currency assigned.

Opening Hours

The CDS opening hours will be between 07:30 – 17:00 BST

Client Access

Customers may access the SOLA[®] CDS environment via a VPN connection. The technical details in order to establish a connection are as below:
