## **STOCK EXCHANGE NOTICE**

### **LEHMAN BROTHERS INTERNATIONAL (EUROPE) – IN DEFAULT - HAMMER PRICES UPDATED – VERSION 9 DATED 29 JANUARY 2009**

1. Further to London Stock Exchange Notice N32/08, this Notice provides notification of the hammer prices (as defined in the Rules of the London Stock Exchange) that have been added to the existing list, version 8 issued on 17 October 2008.
2. Version 9 (Hammer Prices V9 29-01-09) is now available as an Excel spreadsheet on our website:  
<http://www.londonstockexchange.com/traders-and-brokers/rules-regulations/default-information/lehman-brothers/hammer-prices/hammer-prices.htm>
3. The Exchange has added hammer prices for a broad range of securities. Where a market middle price was not available on the Exchange immediately before the declaration of default, the Exchange has obtained mid prices from the relevant home markets of those EU regulated market securities. Where a market middle price was not available from the relevant home market, the previous trading day's closing price before the declaration of default was obtained from the home market instead.
4. The Exchange will add hammer prices to its list as and when they are set and will issue a Stock Exchange Notice and Service Announcement to communicate that a new version of the list is available. Member firms will be able to identify the latest version by way of the version number and date of the Excel spreadsheet e.g. V9 29-01-09. All versions of the hammer price list will remain

available on the website. The Exchange will highlight which securities have been added by including an “Original Hammer Price Date” column in the hammer price spreadsheet.

5. Any objection to a hammer price must be lodged with the default official, in writing, within five (business) days of the date of notification (i.e. the date on which the given hammer price was added to the list). Any objection should include the grounds and the basis for any alternative price proposed. Further details of the fixing of hammer prices on declaration of default are set out in paragraphs D130 – 133 of the rules. If the objection is rejected, the Exchange will inform the objector that the price remains unchanged. If the objection is sustained, the Exchange will communicate to all member firms, by way of a Stock Exchange Notice, the revised hammer price and a list of revised hammer prices will be provided.
6. Publication by the Exchange of a hammer price in any particular security should not be interpreted to mean that the Exchange accepts that there are unsettled on Exchange market contracts in any such security. The Exchange's reconciliation process is intended to identify the unsettled market contracts that are on Exchange.
7. Any queries on this Notice should be addressed to either:
