Introduction

AIM opened on 19 June 1995. AIM is a market for smaller and growing companies and is a multilateral trading facility within the meaning set out in the Handbook of the FCA and is a SME growth market. AIM is operated and regulated by the Exchange in its capacity as a Recognised Investment Exchange under Part XVIII of FSMA 2000, as such AIM is a prescribed market under FSMA 2000.

This document contains the AIM Rules for Companies (“these rules”) which set out the rules and responsibilities in relation to AIM companies. Defined terms are in bold and definitions can be found in the Glossary.

AIM companies also need to comply with any relevant national law and regulation as well as certain European Commission Directive standards and regulations where applicable, such as MAR, the DTR and the Prospectus Rules.

From time to time the Exchange issues separate Notes on specific issues which may affect certain AIM companies. The Notes form part of these rules.

Where an AIM company has concerns about the interpretation of these rules, it should consult its nominated adviser.

The rules relating to the eligibility, responsibilities and disciplining of nominated advisers are set out in the separate rulebook, AIM Rules for Nominated Advisers.

The procedures relating to disciplinary and appeals matters are set out in the Disciplinary Procedures and Appeals Handbook.

The rules for trading AIM securities are set out in “Rules of the London Stock Exchange”.
Part One – AIM Rules

Retention and role of a nominated adviser

1. In order to be eligible for AIM, an applicant must appoint a nominated adviser and an AIM company must retain a nominated adviser at all times.

The nominated adviser is responsible to the Exchange for assessing the appropriateness of an applicant for AIM, or an existing AIM company when appointed as its nominated adviser, and for advising and guiding an AIM company on its responsibilities under these rules.

The responsibilities of nominated advisers are set out in the AIM Rules for Nominated Advisers.

If an AIM company ceases to have a nominated adviser the Exchange will suspend trading in its AIM securities. If within one month of that suspension the AIM company has failed to appoint a replacement nominated adviser, the admission of its AIM securities will be cancelled.

Applicants for AIM

Early notification and pre-admission announcement

2. An applicant’s nominated adviser must submit an early notification to the Exchange, in the form prescribed from time to time, as soon as reasonably practicable and in any event prior to the submission of any Schedule One information.

An applicant must provide the Exchange, at least ten business days before the expected date of admission to AIM, with the information specified by Schedule One. A quoted applicant must provide the Exchange, at least twenty business days before the expected date of admission to AIM, with the information specified in Schedule One and its supplement.

If there are any changes to such information prior to admission, the applicant must advise the Exchange immediately by supplying details of such changes. Where, in the opinion of the Exchange, such changes result in the information being significantly different from that originally provided, the Exchange may delay the expected date of admission for a further ten business days (or twenty business days in the case of a quoted applicant).

The Exchange will notify RNS of information it receives under this rule.

Admission document

3. An applicant must produce an admission document disclosing the information specified by Schedule Two.

An applicant must take reasonable care to ensure that the information contained in the
The admission document is, to the best of the knowledge of the applicant, in accordance with the facts and contains no omission likely to affect the import of such information.

A quoted applicant is not required to produce an admission document unless it is required to publish a Prospectus in relation to the issue of AIM securities which are the subject of admission.

Omissions from admission documents
4. The Exchange may authorise the omission of information from an admission document (other than a Prospectus) of an applicant where its nominated adviser confirms that:

— the information is of minor importance only and not likely to influence assessment of the applicant's assets and liabilities, financial position, profits and losses and prospects; or

— disclosure of that information would be seriously detrimental to the applicant and its omission would not be likely to mislead investors with regard to facts and circumstances necessary to form an informed assessment of the applicant’s securities.

Application documents
5. At least three business days before the expected date of admission, an applicant must submit to the Exchange a completed application form and an electronic version of its admission document. These must be accompanied by the nominated adviser’s declaration required by the AIM Rules for Nominated Advisers.

At least three business days before the expected date of admission, a quoted applicant must submit to the Exchange an electronic version of its latest annual accounts and a completed application form. These must be accompanied by the nominated adviser’s declaration required by the AIM Rules for Nominated Advisers.

The AIM fee will be invoiced to the applicant and should be paid pursuant to rule 37.

Admission to AIM
6. Admission becomes effective only when the Exchange issues a dealing notice to that effect.

Special conditions for certain applicants

Lock-ins for new businesses
7. Where an applicant's main activity is a business which has not been independent and earning revenue for at least two years, it must ensure that all related parties and applicable employees as at the date of admission agree not to dispose of any interest in its securities for one year from the admission of its securities.

This rule will not apply in the event of an intervening court order, the death of a party who has been subject to this rule or in respect of an acceptance of a takeover offer for the AIM company which is open to all shareholders.

Investing companies
8. Where the applicant is an investing company, a condition of its admission is that it raises a minimum of £6 million in cash via an equity fundraising on, or immediately before, admission.

An investing company must state and follow an investing policy.
An investing company must seek the prior consent of its shareholders in a general meeting for any material change to its investing policy.

Where an investing company has not substantially implemented its investing policy within eighteen months of admission, it should seek the consent of its shareholders for its investing policy at its next annual general meeting and on an annual basis thereafter, until such time that its investing policy has been substantially implemented.

Other conditions

9. Where matters are brought to the attention of the Exchange which could affect an applicant's appropriateness for AIM, it may refuse an admission to AIM, delay an admission to AIM and/or make the admission of an applicant subject to special conditions. The Exchange will inform the applicant's nominated adviser and may notify RNS that it has asked the applicant and its nominated adviser to undertake further due diligence.

Circumstances where the Exchange is likely to refuse an admission to AIM include where it considers that:

— the applicant does not or will not comply with any special condition which the Exchange considers appropriate and of which the Exchange has informed the applicant's nominated adviser; or

— the applicant's situation is such that admission may be detrimental to the orderly operation, the reputation and/or integrity of AIM.

Admission to AIM is at the Exchange's discretion. No applicant has a right for its securities to be admitted to trading on AIM even if it meets the requirements of Part One of these rules.

Principles of disclosure

10. The information which is required by these rules must be notified by the AIM company no later than it is published elsewhere. An AIM company must retain a Regulatory Information Service provider to ensure that information can be notified as and when required.

An AIM company must take reasonable care to ensure that any information it notifies is not misleading, false or deceptive and does not omit anything likely to affect the import of such information.

It will be presumed that information notified to a Regulatory Information Service is required by these rules or other legal or regulatory requirement, unless otherwise designated.

General disclosure of price sensitive information

11. An AIM company must issue notification without delay of any new developments which are not public knowledge which, if made public, would be likely to lead to a significant movement in the price of its AIM securities. By way of example, this may include matters concerning a change in:
— its financial condition;
— its sphere of activity;
— the performance of its business; or
— its expectation of its performance.

Disclosure of corporate transactions

Substantial transactions

12. A substantial transaction is one which exceeds 10% in any of the class tests. It includes any transaction by a subsidiary of the AIM company but excludes any transactions of a revenue nature in the ordinary course of business and transactions to raise finance which do not involve a change in the fixed assets of the AIM company or its subsidiaries.

An AIM company must issue notification without delay as soon as the terms of any substantial transaction are agreed, disclosing the information specified by Schedule Four.

Related party transactions

13. This rule applies to any transaction whatsoever with a related party which exceeds 5% in any of the class tests.

An AIM company must issue notification without delay as soon as the terms of a transaction with a related party are agreed disclosing:

— the information specified by Schedule Four;
— the name of the related party concerned and the nature and extent of their interest in the transaction; and
— a statement that with the exception of any director who is involved in the transaction as a related party, its directors consider, having consulted with its nominated adviser, that the terms of the transaction are fair and reasonable insofar as its shareholders are concerned.

Reverse takeovers

14. A reverse takeover is any acquisition or acquisitions in a twelve month period which for an AIM company would:

— exceed 100% in any of the class tests; or
— result in a fundamental change in its business, board or voting control; or
— in the case of an investing company, depart materially from its investing policy (as stated in its admission document or approved by shareholders in accordance with these rules).

Any agreement which would effect a reverse takeover must be:

— conditional on the consent of its shareholders being given in general meeting;
— notified without delay disclosing the information specified by Schedule Four and insofar as it is with a related party, the additional information required by rule 13; and
— accompanied by the publication of an admission document in respect of the proposed enlarged entity and convening the general meeting.

Where shareholder approval is given for the reverse takeover, trading in the AIM securities of the AIM company will be cancelled. If the enlarged entity seeks
admission, it must make an application in the same manner as any other applicant applying for admission of its securities for the first time.

Fundamental changes of business

15. Any disposal by an AIM company which, when aggregated with any other disposal(s) over the previous twelve months, exceeds 75% in any of the class tests, is deemed to be a disposal resulting in a fundamental change of business and must be:

— conditional on the consent of its shareholders being given in general meeting;
— notified without delay disclosing the information specified by Schedule Four and insofar as it is with a related party, the additional information required by rule 13; and
— accompanied by the publication of a circular containing details of the disposal and any proposed change in business together with the information specified above and convening the general meeting.

Divestment or Cessation

— Where the effect of a disposal is to divest the AIM company of all, or substantially all, of its trading business, activities or assets; and/or
— Where an AIM company takes any other action, the effect of which is that it will cease to own, control or conduct all, or substantially all, of its existing trading business, activities or assets (in which case such action should be notified without delay and include all relevant information that shareholders may require)

upon completion of the disposal or action, the AIM company will be regarded as an AIM Rule 15 cash shell.

Within six months of becoming an AIM Rule 15 cash shell, the AIM company must make an acquisition or acquisitions which constitutes a reverse takeover under rule 14. For the purposes of this rule only, becoming an investing company pursuant to rule 8 (including the associated raising of funds as specified in rule 8) will be treated as a reverse takeover and the provisions of rule 14 will apply including the requirement to publish an admission document.

Where an AIM company became an investing company (pursuant to rule 15) prior to 1 January 2016, the requirements of rule 15 set out in the AIM Rules for Companies (May 2014) will continue to apply. Accordingly, if such a company does not make an acquisition or acquisitions which constitutes a reverse takeover under rule 14 or otherwise fails to implement its investing policy to the satisfaction of the Exchange within twelve months of becoming an investing company in accordance with that rule, the Exchange will suspend trading in the AIM securities pursuant to rule 40.

Aggregation of transactions

16. Transactions completed during the twelve months prior to the date of the latest transaction must be aggregated with that transaction for the purpose of determining whether rules 12, 13, 14 and/or 19 apply where:

— they are entered into by the AIM company with the same person or persons or their families; or
— they involve the acquisition or disposal of securities or an interest in one particular business; or
— together they lead to a principal involvement in any business activity or activities which did not previously form a part of the AIM company’s principal activities.
Disclosure of miscellaneous information

17. An AIM company must issue notification without delay of:
   — any relevant changes to any significant shareholders, disclosing, insofar as it has
     such information, the information specified by Schedule Five;
   — the resignation, dismissal or appointment of any director, giving the date of such
     occurrence and for an appointment, the information specified by Schedule Two
     paragraph (g) and any shareholding in the company;
   — any change in its accounting reference date;
   — any change in its registered office address;
   — any change in its legal name;
   — any material change between its actual trading performance or financial condition
     and any profit forecast, estimate or projection included in the admission document
     or otherwise made public on its behalf;
   — any decision to make any payment in respect of its AIM securities specifying the net
     amount payable per security, the payment date and the record date;
   — the reason for the application for admission or cancellation of any AIM securities
     and consequent number of AIM securities in issue;
   — the occurrence and number of shares taken into and out of treasury, as specified by
     Schedule Seven;
   — the resignation, dismissal or appointment of its nominated adviser or broker;
   — any change in the website address at which the information required by rule 26 is
     available;
   — any subsequent change to the details disclosed pursuant to sub-paragraphs (iii) to
     (viii) inclusive of paragraph (g) of Schedule Two, whether such details were first
     disclosed at admission or on subsequent appointment;
   — the admission to trading (or cancellation from trading) of the AIM securities (or any
     other securities issued by the AIM company) on any other exchange or trading
     platform, where such admission or cancellation is at the application or agreement of
     the AIM company. This information must also be submitted separately to the
     Exchange.

Half-yearly reports

18. An AIM company must prepare a half-yearly report in respect of the six month period from
    the end of the financial period for which financial information has been disclosed in its
    admission document and at least every subsequent six months thereafter (apart from the
    final period of six months preceding its accounting reference date for its annual audited
    accounts). All such reports must be notified without delay and in any event not later than
    three months after the end of the relevant period.

    The information contained in a half-yearly report must include at least a balance sheet, an
    income statement, a cash flow statement and must contain comparative figures for the
    corresponding period in the preceding financial year (apart from the balance sheet which
    may contain comparative figures from the last balance sheet notified). Additionally the
    half-yearly report must be presented and prepared in a form consistent with that which will
be adopted in the AIM company’s annual accounts having regard to the accounting standards applicable to such annual accounts.

Annual accounts

19. An AIM company must publish annual audited accounts which must be sent to its shareholders without delay and in any event not later than six months after the end of the financial year to which they relate.

An AIM company incorporated in an EEA country must prepare and present these accounts in accordance with International Accounting Standards. Where, at the end of the relevant financial period, such company is not a parent company, it may prepare and present such accounts either in accordance with International Accounting Standards or in accordance with the accounting and company legislation and regulations that are applicable to that company due to its country of incorporation.

An AIM company incorporated in a non-EEA country must prepare and present these accounts in accordance with either:

An electronic copy of any such document must be sent to the Exchange.

For the avoidance of doubt, where the Exchange has jurisdiction pursuant to rule 43, rule 22 shall continue to apply to a company which ceases to have a class of securities admitted to trading on AIM, as if it were an AIM company.

      — for a disposal, the book value of the assets attributed to that interest in the AIM company’s last audited accounts.
   (c) in the case of an acquisition of assets other than an interest in an undertaking, the assets the subject of the transaction means the book value of the assets.

The Turnover test

The figures to be used must be the aggregate market value of the enfranchised securities on the day prior to the notification of the transaction (excluding treasury shares).

Substitute Tests

In circumstances where the above tests produce anomalous results or where the tests are inappropriate to the sphere of activity of the AIM company, the Exchange may (except in the case of a transaction with a related party), disregard the calculation and substitute other relevant indicators of size, including industry specific tests. Only the Exchange can decide to disregard one or more of the class tests, or substitute another test.

warning notice

A private letter issued by the Exchange pursuant to the Disciplinary Procedures and Appeals Handbook to an AIM company or nominated adviser outlining a breach of these rules or of the AIM Rules for Nominated Advisers.
Part Two – Guidance Notes

Eligibility for AIM

An AIM company or applicant must be appropriate for AIM's regulatory framework. An AIM company or applicant should usually be a similar structure to a UK plc, and where it is an investing company, must be a closed-ended fund and not require a restricted investor base. It should not be complex in terms of its structure and securities and should issue primarily ordinary shares (or equivalent).

Rule 1: Nominated adviser

Nominated advisers must be approved by the Exchange. A copy of the register of approved nominated advisers is available on the Exchange's website, www.londonstockexchange.com/aim, however the definitive copy is kept by the Exchange.

An AIM company can only retain the services of one nominated adviser at any one time.

Where an AIM company needs to notify the loss of its nominated adviser it should first liaise with AIM Regulation so that where no replacement has been appointed the necessary suspension may be put in place to coincide with the notification.

Where a new nominated adviser is appointed a notification will be required under rule 17 and a new nominated adviser's declaration should be submitted to the Exchange pursuant to the AIM Rules for Nominated Advisers.

Applicants for AIM

Rule 2: Early notification and pre-admission announcements

An early notification form is available on the Exchange's website. In addition to the information required to be provided in the early notification form, a nominated adviser must ensure it fully and clearly discloses to the Exchange all matters known to it which may be relevant to the Exchange in considering the application for admission to trading and understanding whether admission of the AIM securities may be detrimental to the orderly operation, the reputation and/or integrity of AIM.
The submission of an early notification form does not replace a nominated adviser’s obligations to the Exchange concerning an applicant’s appropriateness.

Submission of an early notification form that does not allow for adequate time for discussion with the Exchange may contribute to a delay. Following the submission of an early notification form, a nominated adviser must update the Exchange as soon as practicable should it become aware of any material new information and/or any change to the information submitted or circumstances of the applicant.

Early notification submissions and Schedule One announcements should be sent by e-mail in the standard format, available on the Exchange’s website, to aimregulation@lseg.com.

The Exchange will arrange for notification of the Schedule One to RNS.

Announcements are disseminated publicly by RNS under the heading “AIM”.

Any issuer may use the usual form of admission process for AIM involving a pre-admission announcement and an AIM admission document at any time. However, a quoted applicant may take advantage of this expedited route where it meets the relevant requirements.

The website (notified in accordance with paragraph (j) of the Supplement to Schedule One) may also, to the extent permitted by law, contain other information which the issuer considers may be useful to investors.

Rule 3: Admission document
Where an admission document is also a Prospectus, the requirements of Schedule Two apply in addition to the requirements of the Prospectus Rules.

If at any time after an admission document is submitted and before the date of admission there arises or is noted any material new factor, mistake or inaccuracy relating to the information included in the admission document, a supplementary admission document must be published and submitted to the Exchange containing details of such new factor, mistake or inaccuracy in accordance with the relevant part(s) of Schedule Two. For the avoidance of doubt, if the admission document is a Prospectus, any supplementary document must comply with the Prospectus Rules.

A quoted applicant must make the additional disclosures in its pre-admission announcement, which is required by rule 2 and the Supplement to Schedule One.

Where a quoted applicant is also making an offer to the public, whether in the United Kingdom and/or other jurisdictions, it should satisfy itself that there are no legal or regulatory requirements outside these rules which compel it to produce any form of prospectus. Where there is a requirement for such a prospectus, this should be made available to the public under paragraph (o) of Schedule One as if it were an admission document.
Rule 4: Omissions from admission documents
Where an admission document is also a prospectus under the Prospectus Rules, application for a derogation from any requirements of the Prospectus Rules should be made to the UKLA. The Exchange itself may not authorise exemptions from any requirement under the Prospectus Rules. The UKLA can be contacted through their dedicated help desk on +44 (0)20 7066 8348.

Rule 5: Application documents
The application form and nominated adviser’s declaration should be sent to Admissions, London Stock Exchange plc, 10 Paternoster Square, London EC4M 7LS by the nominated adviser. The electronic version of the admission document should be sent to admissions@lseg.com.

The application form and nominated adviser’s declaration are available from the Exchange’s website, www.londonstockexchange.com.

The nominated adviser should liaise with AIM Regulation to confirm that any admission conditions have been met.

Under rule 33 AIM securities must be unconditionally allotted. The Exchange may require proof of allotment for any securities which are being issued on admission. A copy of the applicant's board minutes allocating such securities or confirmation from its nominated adviser will suffice in most cases.

Allotted includes provisionally allotted securities where such provisional allotments are unconditional. For example, nil paid rights must be allotted without condition (even if further action is required by the holders of provisional allotments to transform them into another class of securities such as fully paid shares).

Rule 6: Admission to AIM
Note also rules 32 and 33 (in respect of free transferability and allotment).

A dealing notice will be released through RNS under the heading “AIM”.

Special conditions for certain applicants

Rule 7: Lock-ins for new businesses
To minimise the risk of parties to lock-in arrangements subsequently being deemed to constitute concert parties under the City Code on Takeovers and Mergers, applicants or their advisers may wish to consult the Panel on Takeovers and Mergers, 10 Paternoster Square, London EC4M 7LS (telephone +44 (0)20 7382 9026) prior to drafting any lock-in agreement.

The Exchange will not require a substantial shareholder to be the subject of a lock-in under rule 7 where that shareholder became a substantial shareholder at the time of an AIM
company's admission and at a price which was more widely available, for example as part of an offer to the public.

**Rule 8: Investing companies**

The investing policy must be sufficiently precise and detailed so that it is clear, specific and definitive. The investing policy must be prominently stated in the admission document and any subsequent circular relating to the investing policy, for example pursuant to rules 8 or 14. The investing policy should be regularly notified and at a minimum should be stated in the investing company's annual accounts.

The circular convening a meeting of shareholders for the purposes of obtaining consent for a change in investing policy should contain adequate information about the current and proposed investing policy and the reasons for and expected consequences of any proposed change. It should also contain the information required by paragraph 4.2 of the AIM Note for Investing Companies.

In making the assessment of what constitutes a material change to the published investing policy, consideration must be given to the cumulative effect of all the changes made since shareholder approval was last obtained for the investing policy or, if no such approval has been given, since the date of admission. Any material change to the specific points set out in the definition of investing policy is likely to constitute a material change requiring shareholder consent.

In making the assessment of whether or not an investing company has substantially implemented its investing policy, the Exchange would consider this to mean that the investing company has invested:

— a substantial portion (usually at least in excess of 50%) of all funds available to it, including funds available through agreed debt facilities;
— in a range of investments; and
— in accordance with its investing policy.

In relation to any requirement to obtain shareholder approval of the investing policy in these rules, if such shareholder approval is not obtained, the AIM company would usually be expected to propose amendments to its investing policy and seek shareholder approval for those amendments, as soon as possible. A resolving action such as the return of funds to shareholders should be considered if consent is again not obtained. The nominated adviser must keep the Exchange informed if such a situation occurs. For the avoidance of doubt, if shareholder approval for the change to investing policy is not obtained, the company’s existing investing policy will continue to be effective.

**Rule 9: Other conditions**

The Exchange can impose a delay of no more than ten business days under rule 9. At the end of this period, the nominated adviser must decide whether and if so, when, to proceed.
Principles of disclosure

Rule 10: Principles of disclosure
Where it is proposed to announce at any meeting of shareholders information which might lead to significant movement in the price of those securities, arrangements must be made for notification of that information so that the disclosure at the meeting is made no earlier than the time at which the information is notified.

A list of Regulatory Information Service providers can be found on the Exchange's website, www.londonstockexchange.com/aim

General disclosure of price sensitive information

Rule 11: General disclosure

(a) This rule promotes prompt and fair disclosure of price sensitive information to the market.

(b) Article 17 of MAR provides separate disclosure obligations for an AIM company. The competent authority for MAR in the UK is the FCA. All queries relating to the disclosure obligations pursuant to MAR should be directed to the competent authority. The Exchange will not opine on MAR compliance and any discussion it has about an AIM company's disclosure obligations are in the context of these rules. Where the Exchange becomes aware of a possible breach of MAR, it will refer to the competent authority, whose remit is to investigate and enforce breaches of MAR. For the avoidance of doubt, compliance with MAR does not mean that an AIM company will have satisfied its obligations under these rules and vice versa.

(c) The requirements of rule 11 are in addition to any requirements regarding notification contained elsewhere in the rules.

(d) Information that would be likely to lead to a significant movement in the price of its AIM securities includes but is not limited to information which is of a kind which a reasonable investor would be likely to use as part of the basis of his or her investment decisions.

(e) Unless disclosure is required under Article 17 of MAR, an AIM company may delay notifying information under this rule if it is an impending development or a matter in the course of negotiation provided such information is kept confidential. The AIM company must ensure it has in place, in accordance with rule 31, effective procedures and controls designed to ensure the confidentiality of such information to minimise the risk of a leak.

In such circumstances, where an AIM company is able to delay notifying information about impending developments or matters in the course of negotiation it may give such information in confidence to the following category of recipient:

(i) the AIM company's advisers and advisers of any other persons involved or who may be involved in the development or matter in question;
(ii) persons with whom the AIM company is negotiating, or intends to negotiate, any commercial, financial or investment transaction (including prospective underwriters or places of its securities);

(iii) representatives of its employees or trades unions acting on their behalf;

(iv) any government department, the Bank of England, the Competition Commission or any other statutory or regulatory body or authority; and

(v) the AIM company’s lenders.

The AIM company must be satisfied that such recipients of information are bound by a duty of confidentiality and aware that they must not trade in its AIM securities before the relevant information has been notified.

(f) However, if the AIM company has reason to believe that a breach of such confidence has occurred or is likely to occur and, in either case, the matter is such that knowledge of it would be likely to lead to significant movement in the price of its AIM securities, it must without delay issue at least a warning notification to the effect that it expects shortly to release information regarding such matter.

(g) Where such information has been made public the AIM company must notify that information without delay.

Disclosure of corporate transactions

Rules 12 and 13: Substantial and related party transactions

Note the definition of a substantial transaction is different from that of a related party transaction.

A transaction under this rule includes non pre-emptive issues of securities.

Rule 14: Reverse takeovers

The admission document must be made available to the public under rule 26.

An AIM company is able to send an admission document (subject to any other applicable regulations, including the Prospectus Rules where it is a Prospectus) to shareholders in compliance with this rule if it is sent by electronic communication in compliance with the applicable guidance notes to rules 18 and 19, together with the notice of the shareholder meeting required by rule 14.

Following the announcement of a reverse takeover that has been agreed or is in contemplation, the relevant AIM Securities will be suspended by the Exchange until the AIM company has published an admission document in respect of the proposed enlarged entity unless the target is a listed company or another AIM company.

It should be noted that the Exchange expects the negotiations leading to a reverse takeover to be kept confidential, as allowed by the guidance to rule 11, until the point at which the AIM company can notify that a binding agreement that effects a reverse takeover has been entered into, which should, as far as is possible, be accompanied by the publication of the requisite
admission document. If for any reason this is not possible, the nominated adviser should seek the advice of the Exchange at the earliest opportunity.

If the new entity wishes its securities to be admitted, it will need to issue a ten day announcement pursuant to rule 2. In addition, it will need to submit a further fee, an electronic version of its admission document, a nominated adviser’s declaration and a company application form at least three business days prior to admission pursuant to rule 5 and abide by all other requirements to which an applicant may be subject under these rules.

However, the new entity may make an application in advance of the general meeting so that its securities are admitted on the day after the general meeting which approves the reverse takeover.

Rule 15: Fundamental changes of business
The consent of shareholders for a disposal may not be required where it is as a result of insolvency proceedings. The Exchange should be consulted in advance in such circumstances.

The nominated adviser must inform the Exchange when an AIM company for which it acts becomes an AIM Rule 15 cash shell or there is a possibility that it has become an AIM Rule 15 cash shell. Where there is any question as to whether an AIM company has become an AIM Rule 15 cash shell or the point at which it becomes an AIM Rule 15 cash shell, the Exchange must be consulted as soon as possible.

Where an AIM Rule 15 cash shell does not intend or wish to undertake a reverse takeover in accordance with rule 15, it should seek to cancel its admission in accordance with rule 41 (in the case of a disposal requiring shareholder consent under this rule, this should most usually occur concurrently with the shareholder approval required for the disposal). In such circumstances, the AIM company, taking the advice of its nominated adviser, should consider whether funds should concurrently be returned to shareholders, seeking the approval of shareholders where appropriate or necessary.

Where, within six months, an AIM Rule 15 cash shell does not complete a reverse takeover as set out in rule 15, the Exchange will suspend trading in the AIM securities pursuant to rule 40.

Rule 16: Aggregation of transactions
The Exchange will only consider that an AIM company has ‘a principal involvement in any business activity or activities which did not previously form a part of the AIM company’s principal activities’ where collectively a class test for any twelve month period exceeds 100%. In cases of doubt the Exchange should be consulted.

Disclosure of miscellaneous information

Rule 17: Miscellaneous information
(a) Article 19 of MAR includes notification obligations for AIM companies and persons discharging managerial responsibilities. The DTR contains guidance on certain of those
notification obligations. All queries relating to an AIM company's disclosure obligations pursuant to MAR should be directed to the competent authority, in the UK the FCA.

(b) Significant shareholder disclosures for DTR companies: DTR companies are required to comply with the provisions of the DTR in respect of significant shareholder notifications. All queries relating to the shareholder notification requirements of the DTR should be directed to the FCA.

In addition, DTR companies are required to comply with the significant shareholder disclosures contained in rule 17. However, compliance with the DTR in respect of AIM securities will usually mean that a DTR company is complying with the significant shareholder disclosure obligations in rule 17, save that:

(i) notwithstanding the time limits for disclosure set out in the DTR, DTR companies are required under rule 17 to notify such information “without delay”; and

(ii) the information required to be released pursuant to rule 17 must be notified, rather than ‘made public’ in accordance with the DTR.

(c) An AIM company must inform the Exchange, via its nominated adviser, if the FCA takes any action under Chapter 1A.3.1 of the DTR (FCA's ability to require publication of information).

(d) Significant shareholder disclosures for non-DTR companies: All non-DTR companies are required to use all reasonable endeavours to comply with rule 17 notwithstanding that the local law applicable to some AIM companies does not contain provisions that are similar to the DTR. In that instance, such an AIM company is advised to include provisions in its constitution requiring significant shareholders to notify the relevant AIM company of any relevant changes to their shareholdings in similar terms to the DTR, noting the differences set out at (b)(i) and (ii) above. Such AIM companies are also advised to make appropriate disclosure of the fact that statutory disclosure of significant shareholdings is different and may not always ensure compliance with the requirements of rule 17.

(e) Where an admission or cancellation of AIM securities is being notified, the reason need only be brief, e.g. “exercise of options”. Any changes in the number of shares in issue requires liaison with Admissions (telephone +44 (0)20 7797 4310) so that they can arrange for the appropriate dealing notice to be released.

(f) Where an AIM company needs to notify the loss of its nominated adviser it should first liaise with AIM Regulation so that where no replacement nominated adviser has been appointed the necessary suspension pursuant to rule 1 may be put in place to coincide with the notification.

(g) Where an AIM company changes its legal name it should send a copy of any change of name certificate to Admissions, London Stock Exchange plc, 10 Paternoster Square, London EC4M 7LS or by fax to +44 (0)20 7920 4607.

(h) Information required to be submitted to the Exchange should be emailed to aimregulation@lseg.com.

(i) The notification in relation to the trading of AIM company securities on any other exchange or trading platform should include details which exchange or platform (including details of any segment, tier or similar) and which securities this relates to.
Half-yearly reports and accounts

Rule 18 and 19: Half-yearly reports and accounts
Where the half-yearly report has been audited it must contain a statement to this effect.

In relation to rule 18, the financial period to which financial information has been disclosed in its admission document may be the financial period of the main trading subsidiary of the AIM company, for example, where the AIM company is a holding company. The nominated adviser should contact AIM Regulation if there is any uncertainty as to the reporting timetable required by these rules.

The Exchange will suspend AIM companies which are late in publishing their half-yearly report or their annual accounts, pursuant to rule 40.

Where an AIM company wishes to change its accounting reference date its nominated adviser should contact AIM Regulation in advance to discuss the revised reporting timeframe.

An AIM company should prepare and notify a second half-yearly report in accordance with rule 18, if the effect of the change to the accounting reference date is to extend its accounting period to more than 15 months. This should be agreed in advance with AIM Regulation.

The Exchange would encourage all AIM companies to use International Accounting Standards both on admission and in the preparation of all post-admission financial information.

The choice of accounting standard should be consistently implemented and any change between those standards available to a particular AIM company should only be made with the prior approval of AIM Regulation.

In respect of each AIM company, the term ‘parent’ should be interpreted in accordance with applicable law. Any other queries over interpretation of these provisions should be addressed by the AIM company’s nominated adviser to AIM Regulation at the earliest opportunity.

Subject to its constitution and any legal requirements in its jurisdiction of incorporation, an AIM company is able to satisfy the requirement in rule 19 to send accounts to shareholders by sending such accounts by electronic communication to shareholders:

(a) in compliance with the requirements of the UK Companies Act 2006; or

(b) providing the following requirements have been satisfied:

   (i) a decision to use electronic communication to shareholders has been approved by shareholders in a general meeting of the AIM company;

   (ii) appropriate identification arrangements have been put in place so that
shareholders are effectively informed; and

(iii) shareholders individually:

— have been contacted in writing to request their consent to receive accounts by means of electronic communication and if they do not object within 28 days, their consent can be considered to have been given;
— are able to request at any time in the future that accounts be communicated to them in writing; and
— are contacted alerting them to the publication of the accounts on an AIM company’s website.

Publication of documents sent to shareholders

Rule 20: Documents sent to shareholders
Electronic copies of annual accounts and half-yearly reports that have been sent to shareholders are not required to be sent to the Exchange unless such documents are relevant for the purposes of rules 24 and 25. All other documents provided to shareholders must still be sent electronically to the Exchange, in accordance with rule 20.

Dealing policy

Rule 21: Dealing policy
Compliance with rule 21 does not mean that an AIM company will have satisfied its obligations under Article 19 of MAR.

In determining whether it is appropriate to give clearance under its dealing policy, the Exchange would expect an AIM company to consider its wider obligations under MAR.

The Exchange would expect an AIM company to appoint an individual of sufficient seniority to grant such clearance request. The procedures should also give consideration as to an alternate individual where such individual is not independent in relation to a clearance request.

Provision and disclosure of information

Rule 22
The AIM company must use all due skill and care to ensure that information provided to the Exchange pursuant to this rule is correct, complete and not misleading.

If it comes to the subsequent attention of the AIM company that information provided does not meet this requirement, the AIM company should advise the Exchange as soon as practicable.
All communications between the Exchange and an AIM company are confidential to the Exchange and its nominated adviser and should not be disclosed without the consent of the Exchange, save to appropriate advisers to the AIM company or as required by any other regulatory body or agency.

Corporate action timetables

Rules 24 and 25: Corporate action timetables

Except in the case of a dividend timetable notification, the reference to ‘in advance’ in rule 24 means that the Exchange should receive the proposed timetable by no later than 09:00 on the business day before the proposed notification.

A dividend timetable which follows the guidelines set by the “Dividend Procedure Timetable”, published on the Exchange’s website, www.londonstockexchange.com, need not be disclosed to the Exchange in advance, provided the notification of the dividend includes:

— the net amount;
— the record and payment dates; and
— the availability of any scrip or DRIP options.

A notification is not required for interest payments, however, the Exchange must receive notice of any payment no later than seven business days prior to the record date. This notice must include:

— the appropriate net or gross amount;
— the record and payment dates; and
— any conversion period details.

Where fixed payment details are available the AIM company may use one timetable to inform the Exchange of all future payments, providing any amendments are disclosed to the Exchange immediately.

The timetable for an open offer must ensure that valid claims through the market can be promptly satisfied and must comply with the following:

— the open offer must remain open for acceptance for at least ten business days. For the purposes of calculating the period of ten business days, the first business day is the date on which the offer is first open for acceptance. The ten business days must exclude the ‘ex’ date; and

— where possible, the open offer record date should be the business day before the expected ‘ex’ date. A record date preceding the ‘ex’ date by more than three business days will only be approved in exceptional circumstances.

The Exchange may request amendments to a timetable as and when considered necessary. The Exchange will liaise with the AIM Company and its advisers as appropriate. A timetable which has not been cleared in advance with the Stock Situations Analysis team of the
Exchange but which has been notified, may be subject to change if required by the Exchange. If this situation occurs a further correcting notification must be made.

**Rule 26:**
The information required by this rule should be kept up-to-date and the last date on which it was updated should be included. The information should be easily accessible from one part of the website and a statement should be included that the information is being disclosed for the purposes of rule 26. Any redirection of a user to other areas of a website or to a document included on the website should be to a specific location for that information. Users should not have to enter search criteria in order to locate information.

The website where this information is available should be the company’s website, although it is acknowledged that such a site may be hosted by a third party provider.

The requirement to disclose restrictions on the transfer of shares relates to the disclosure of jurisdictional exemptions or restrictions that an AIM company is seeking to make use of and that may operate by virtue of non-UK securities laws, such as the US Securities Act 1933 or similar (noting, however, the requirements of rule 32).

An AIM company should take appropriate legal advice on how to make available any prospectus, admission document, circular or similar shareholder publication in compliance with this rule so as not to infringe any securities laws that may apply to it.

The disclosure of information in relation to the trading of AIM company securities on any other exchange or trading platform should include details which exchange or platform (including details of any segment, tier or similar) and which securities this relates to.

“main country of operation” should be interpreted as the geographical location from which the AIM company derives (or intends to derive) the largest proportion of its revenues or where the largest proportion of its assets are (or will be) located, as is most appropriate depending on the business of the company.

Pursuant to the Finance Act 2014, stamp duty and the stamp duty reserve tax are not chargeable on transactions in securities admitted to trading on AIM provided that they are not also listed on a Recognised Stock Exchange (as defined in section 1005(3)-(5) Income Tax Act 2007). If the AIM company lists on a Recognised Stock Exchange or ceases to be listed on such an exchange, the Exchange would remind the AIM company that, in addition to updating its website, Euroclear requires the AIM company to inform it of these changes without delay as they are likely to impact its stamp duty reserve tax status. Euroclear can be contacted in relation to this at: growthmarketstampexemption@euroclear.com.

**Further issues of securities following admission**

**Rule 28: Omissions from admission documents**

Where the further admission document is also a Prospectus, application for omission of information should be made to the UKLA. The Exchange itself may not authorise exemptions from any requirement under the Prospectus Rules.
Where the further admission document is not a Prospectus, the information required under section 20 of Annex I may be omitted from the further admission document at the nominated adviser’s discretion (in addition to the information listed in Schedule Two, paragraph (b)). The information covered by section 20 of Annex I (Financial Information) will already be available to the market in the event of further admission if the AIM Company has complied with these rules and therefore there is no need to duplicate that information in the further admission document.

Rule 29: Applications for further issues
Under rule 33 AIM securities must be unconditionally allotted. Accordingly, the Exchange is likely to require proof of allotment for any securities which are being issued on AIM. A copy of the AIM company’s board minutes allocating such securities or confirmation from its nominated adviser will suffice in most cases.

Allotted includes provisionally allotted securities where such provisional allotments are unconditional. For example, nil paid rights must be allotted without condition (even if further action is required by the holders of provisional allotments to transform them into another class of securities such as fully paid shares).

A dealing notice will be released via RNS under the heading “AIM”.

Applications for block admissions should be indicated as such in the “Nature of Admission” section of the application form.

A block admission cannot be used where the securities to be issued under the block admission exceed more than 20% of the existing class of an AIM security. Additionally, block admissions can only be used in the following circumstances:

— employee share schemes;
— personal equity plans;
— dividend reinvestment plans;
— ordinary shares arising from the exercise of warrants; and
— ordinary shares arising from a class of convertible securities.

Where an AIM company wishes to use a block admission in circumstances outside of these it should contact AIM Regulation to discuss.

It is the responsibility of the AIM company to ascertain whether a Prospectus is required under any block admission and the issue of securities pursuant to a block admission.

Rule 30: Language
Where the original documents or information is not in English, an English translation may be provided.
**Rule 31: Directors responsibility for compliance**
Notwithstanding the provisions set out in this rule, each nominated adviser should include in its engagement letter or nominated adviser agreement with each AIM company for which it acts details of what it requires from such company.

**Ongoing eligibility requirements**

**Rule 32: Transferability of shares**
Where an AIM company wishes to rely on the exceptions stated in rule 32, its nominated adviser should apply to AIM Regulation for a confirmation of the acceptance of this.

**Rule 33: Securities to be admitted**
Any change in the number of AIM securities in issue requires liaison with Admissions (telephone +44 (0)20 7797 1473).

If an AIM company is preparing dividend timetables, undertaking any corporate actions or issuing new shares where there are settlement implications, its nominated adviser should contact Stock Situation Analysis (telephone +44 (0)20 7797 1579) for prior discussion of the timetable.

Confirmation of allotment must be received no later than 16:30 on the business day prior to the intended date of admission unless otherwise agreed by the Exchange.

**Rule 35: Retention of a broker**
The broker will, for all AIM companies for which it acts, use its best endeavours to find matching business if there is no registered market maker.

Any member firm of the Exchange may act as a broker subject to any requisite authorisation by any other regulator.

A list of current member firms is available on the Exchange’s website, www.londonstockexchange.com

There is also a separate list of brokers who have already been appointed by AIM companies on the Exchange’s website.

**Rule 36: Settlement**
For UK registered companies a simplified procedure exists for rendering their securities eligible for such settlement under the Uncertificated Securities Regulations 2001 (SI/3755) as amended.

Within the UK, issuers may wish to contact Euroclear at 33 Cannon Street, London EC4M 5SB (telephone +44 (0)20 7849 0000).
Rule 37: General
Details of fee scales for AIM companies and nominated advisers are published separately and are available from the Exchange’s website.

Maintenance of orderly markets

Rule 40: Suspension
The general principle applied by the Exchange when considering requests for a suspension of trading in AIM securities is that interruptions to trading should be kept to a minimum.

An AIM company should request a suspension in circumstances where it is required under these rules to make a notification but is unable to comply with its obligations under rule 10 (having used all reasonable endeavours to do so). Any such suspension is at the discretion of the Exchange. The Exchange will not suspend the trading in AIM securities if it is not satisfied that the circumstances justify suspension.

Should the Exchange effect the request for suspension, the AIM company must make a notification stating the reason for suspension to the fullest extent possible.

An AIM company, while suspended, must continue to comply with these rules.

The Exchange may impose conditions on the lifting of suspension as it considers appropriate. Once the circumstances leading to the suspension have been resolved or clarified sufficiently for the AIM company to make a notification that informs the market about relevant matters, such a notification should be made without delay. Restorations are effected by a dealing notice.

Rule 41: Cancellation
An AIM company should state the reason for cancellation in its notification.

The Exchange should be informed of the intended cancellation by email from the nominated adviser to aimregulation@lse.com.

The period of twenty business days is a minimum. Where earlier communication is sent to shareholders convening such a meeting, an AIM company must notify that such meeting has been convened without delay. The notification should set out the preferred date of cancellation, the reasons for seeking the cancellation, a description of how shareholders will be able to effect transactions in the AIM securities once they have been cancelled and any other matter relevant to shareholders reaching an informed decision upon the issue of the cancellation.
For the avoidance of doubt, the threshold of 75% set out in this rule refers to the percentage of votes cast (rather than 75% of the class) in respect of each class of AIM security. Consent may be granted through shareholders voting in person or by proxy at a general meeting.

Circumstances where the Exchange might otherwise agree that shareholder consent in general meeting is not required would be where:

(a) the AIM securities are already or will be admitted to trading on an EU regulated market or an AIM Designated Market to enable shareholders to trade their AIM securities in the future; or

(b) pursuant to a takeover which has become wholly unconditional, an offeror has received valid acceptances in excess of 75% of each class of AIM securities; or

(c) pursuant to a takeover effected by a UK scheme of arrangement that has been approved by shareholders at a general meeting and subsequently sanctioned by the courts.

Cancellation will not take effect until at least five business days have passed since shareholder approval has been obtained and a dealing notice has been issued.

Sanctions and appeals

Rules 44 and 45: Disciplinary process and appeals

Schedule One

(e) “main country of operation” should be interpreted as the geographical location from which the AIM company derives (or intends to derive) the largest proportion of its revenues or where the largest proportion of its assets are (or will be) located, as is most appropriate depending on the business of the company.

(f) The requirement to disclose restrictions on the transfer of shares relates to the disclosure of jurisdictional exemptions or restrictions that an AIM company is seeking to make use of and that may operate by virtue of non-UK securities laws such as the US Securities Act 1933 or similar (noting, however, the requirements of rule 32).

(h) The disclosure of information in relation to the trading of AIM company securities on any other exchange or trading platform should include details which exchange or platform (including details of any segment, tier or similar) and which securities this relates to.
(l) Where there is any uncertainty as to the reporting timetable that would be required, the nominated adviser should consult AIM Regulation in advance in accordance with the guidance to rules 18 and 19.

(k) Where the expected admission date is uncertain, an applicant should notify a broader timeframe (for example ‘early August’).

Supplement to Schedule One

(c) A disclosure as to any breach should only be made after prior consultation with AIM Regulation.

(d) Such documents or announcements must be made available following admission at the website required pursuant to rule 26.

(f) This should include any significant change to indebtedness.

(k) In ascertaining whether disclosures are required pursuant to this paragraph, the requirements of Schedule Two should be fully considered. Information made public is that which is made available at an address in the UK or at a website address accessible to users in the UK.

(l) A reconciliation to an applicable accounting standard under rule 19 may be presented where the accounts are not prepared under those standards although the requirements of rule 19 will apply on an ongoing basis.

Schedule Two

(a) If upon admission, a Prospectus is required (or voluntarily produced) in accordance with the Prospectus Rules, such Prospectus shall serve as the admission document provided it also includes the information required under Schedule Two, paragraphs (c) – (k). The Exchange itself may not authorise exemptions from any requirement under the Prospectus Rules and therefore Schedule Two, paragraph (b) does not apply to Prospectuses.

The persons responsible for the information provided in the admission document are the same persons that would be responsible for the information contained in a Prospectus pursuant to the Prospectus Rules.

The requirements of section 20 of Annex I may be satisfied (other than for a Prospectus) by the inclusion of an accountants' report in the admission document on the reported historical financial information.

Financial information provided in accordance with these rules must be presented with respect to the applicant and all its subsidiaries and should be in consolidated form when possible.
(b)(i) The information listed in this paragraph need only be included in an admission document to the extent it is required by these rules (in particular Schedule Two, paragraph (k)).

An applicant must give regard to the part of section 20.1 of Annex I that states that the last two years audited historical financial information included in the admission document must be prepared in a form consistent to that which will be adopted in the applicant’s next published annual accounts, bearing in mind the ongoing requirements of rule 19.

(d)(iii) Where a nominated adviser gives the confirmation under this rule the Exchange would expect it to be founded upon an appropriate basis such as an accountants’ report.

(g) Whilst directors are usually only required to disclose directorships held over the last five years, the requirements contained in (g)(iv)-(vii) which relate to bankruptcies, receiverships and liquidations are not limited to the last five years.

(k) When considering the information to be included pursuant to this paragraph consideration should be given to the relevance of any information specified in Schedule Two, paragraph (b).

Schedule Three

Further amounts, which may be included as part of consideration, includes for instance where the purchaser agrees to discharge any liabilities, such as the repayment of inter-company or third party debt.
