

Order book for Retail Bonds

Fifth Anniversary

February 2015 marks the fifth anniversary of the launch of ORB. Since its inception, ORB has helped a wide range of issuers diversify their funding by tapping into growing retail demand for fixed income securities and raising over £4.3 billion through 46 dedicated bond issues.

Thank you for joining us in celebrating ORB's fifth birthday as we host a number of key speakers to discuss the development of the Order book for Retail Bonds and the outlook for the next year.
