

ISIN/SEDOL/MIC/COUNTRY OF REGISTER LINKAGES

As per the new SEDOL code allocation rules:

- One SEDOL is allocated per country for the official place of listing, or in the absence of Listing, place of trade
- MIC(s) will be supplied to denote the place(s) of trading along with the SEDOL that identifies the place listing
- Unlisted securities will be allocated, on request, with one SEDOL code

*Official Place Of Listing (or in the absence of Listing, place of trade – one per country)

**Market Identification Code
