## MiFID II / MiFIR Volume Cap Mechanism Implementation and Related London Stock Exchange Negotiated Trade Waiver Suspensions from Tuesday 12 June 2018

Following the announcement by the European Securities and Markets Authority (ESMA) on Thursday 7 June 2018<sup>1</sup>, London Stock Exchange will implement a six-month suspension of the Negotiated Trade Waiver ('NTW') in a number of securities from start of trading on Tuesday 12 June in relation to ESMA's Volume Cap Mechanism.

ESMA has also provided updates to the previously published files for a limited number of instruments that had previously breached the 8% and 4% caps. These instruments no longer breach the caps and therefore the suspension of trading under the NTW has been lifted from Tuesday 12 June.

Any instrument subject to the NTW suspension will be identifiable with 'NTW Allowed' = N in the 20180612\_XLON\_Instrument.csv published to subscribers at 02:00 UK Time on Tuesday 12 June, and in the daily file on any future date during the suspension period.

In the meantime, please find the list of instruments including the Suspension Start Date and Suspension End Date in the MiFID II Documentation section of the London Stock Exchange Technical Specifications at <http://www.londonstockexchange.com/products-and-services/technical-library/millennium-exchange-technical-specifications/millennium-exchange-technical-specifications.htm>.

Member Firms are reminded that during an NTW suspension period, any reported NLIQ transactions in the relevant security will be rejected if reported with a transaction value below pre-trade Large In Scale threshold for the security. Member Firms are advised to monitor these rejections accordingly.

Best Regards  
London Stock Exchange
