London Stock Exchange

MiFID II / MiFIR Volume Cap Mechanism Implementation and Related London Stock Exchange Negotiated Trade Waiver Suspensions from Friday 13 April 2018

Following the announcement by the European Securities and Markets Authority (ESMA) on Tuesday 10 April 2018¹, London Stock Exchange will implement a six-month suspension of the Negotiated Trade Waiver ('NTW') in a number of securities from start of trading on Friday 13 April in relation to ESMA's Volume Cap Mechanism.

ESMA has also provided updates to the previously published files for a limited number of instruments that had previously breached the 8% and 4% caps. These instruments no longer breach the caps and therefore the suspension of trading under the NTW has been lifted from Thursday 12 April.

Any instrument subject to the NTW suspension will be identifiable with 'NTW Allowed' = N in the 20180413_XLON_Instrument.csv published to subscribers at 02:00 UK Time on Friday 13 April, and in the daily file on any future date during the suspension period.

In the meantime, please find the list of instruments including the Suspension Start Date and Suspension End Date in the MiFID II Documentation section of the London Stock Exchange Technical Specifications at <http://www.londonstockexchange.com/products-and-services/technical-library/millennium-exchange-technical-specifications/millennium-exchange-technical-specifications.htm>.

Member Firms are reminded that during an NTW suspension period, any reported NLIQ transactions in the relevant security will be rejected if reported with a transaction value below pre-trade Large In Scale threshold for the security. Member Firms are advised to monitor these rejections accordingly.

Best Regards
London Stock Exchange
