London Stock Exchange ETF & ETC/ETN Market Structure Changes

Opening auction price monitoring extension changes

This is to inform customers that the number of opening auction price monitoring extensions (PME) will change from 2 to a maximum of 4 or 5 depending on sector and the price monitoring % will increase for each consecutive extension triggered, for all ETF & ETC/ETN trading segments on SETS and ETFS - Euroclear Bank settlement trading services. Please note that each PME duration will remain 5 minutes (subject to a further 30 seconds random period before uncrossing).

For example, sector ETFL will have a maximum of 5 opening auction PMEs – initial PME 2%, 2nd PME 5%, 3rd PME 10%, 4th PME 20%, 5th PME 50%.

For further details see draft MIT Business Parameters below:
