London Stock Exchange

Following the announcement by the European Securities and Markets Authority (ESMA) on Friday 7 February 2020¹, London Stock Exchange will implement a six-month suspension of the Negotiated Trade Waiver (‘NTW’) in 31 securities from start of trading on Thursday 13 February 2020 in relation to ESMA’s Volume Cap Mechanism.

In this latest announcement, ESMA has confirmed the NTW suspension end date for 43 instruments which have been suspended from use of the NTW since 12 August 2019. NTW trading will recommence from Wednesday 12 February 2020.

Any instrument subject to the NTW suspension will be identifiable with ‘NTW Allowed’ = N in the 20200213_XLON_Instrument.csv published to subscribers at 02:00 UK Time on Thursday 13 February 2020, and in the daily file on any future date during the suspension period.

In the meantime, please find the list of instruments including the Suspension Start Date and Suspension End Date in the MiFID II Documentation section of the London Stock Exchange Technical Specifications at http://www.londonstockexchange.com/products-and-services/technical-library/millennium-exchange-technical-specifications/millennium-exchange-technical-specifications.htm.

Member Firms are reminded that during an NTW suspension period, any reported NLIQ transactions in the relevant security will be rejected if reported with a transaction value below pre-trade Large In Scale threshold for the security. Member Firms are advised to monitor these rejections accordingly.

Best Regards
London Stock Exchange
